Dear Dr Rowley

I am pleased to inform you that the Professional Advisory Committee have recommended that:

UKNEQAS Feto Maternal Haemorrhage
Feto Maternal Haemorrhage
West Herts Hospitals NHS Trust
Watford General Hospital
Vicarage Road
Watford
Hertfords

be granted:

Accreditation

Attached is the CPA certificate.

Accreditation is valid from your date of registration and may be maintained on a continuous basis provided that you meet with the following requirements:

An annual registration form is completed and returned to CPA Central Office together with a summary of the most recent annual management review. This should be submitted during the periods shown in the schedule issued to the department.

Since accreditation does not automatically survive major changes in staffing, structure or facilities of the Organising Centre or repertoire of the EQA Scheme, CPA Central Office must be notified immediately when such changes occur.

Annual Registration Date: 1st February

An application for re-registration is to be submitted on a two yearly cycle during the period shown in the schedule issued to the department.

The accreditation certificate is only valid when accompanied by a current letter of accreditation. Please keep these documents in your files.

Signed on behalf of CPA (UK) Ltd:
